(C). OBJECTIVES

a. General

- To produce and market fertilizers and industrial chemicals efficiently, economically and in an environmental friendly manner.
- To maintain optimum levels of efficiency in the use of resources for maximizing return on investment.
- To take up and implement modernization and energy saving schemes.
- To continuously upgrade the quality of human resources and promote organizational and management development.
- To care for and protect the environment by minimizing the emissions including greenhouse gases and also improving on the standards laid down by Pollution Control Authorities and taking action to meet the requirements of ISO 14000 Standards.
- To increase customer satisfaction by providing quality products and services.
- To ensure corporate growth by expansion as well as diversification.
- To impart training and education to farmer

b. Financial Objectives

- To ensure adequate return on the capital employed and maintain a reasonable annual dividend on equity capital.
- To ensure maximum economy in expenditure.
- To manage and operate all facilities in an efficient manner so as to generate adequate internal resources to meet revenue cost and requirements for project investment, without budgetary support.
- To develop long-term corporate plans to provide for adequate growth of the Company's business.
- To reduce the cost of production of fertilizers and chemicals by means of systematic cost control measures, undertaking various energy saving schemes and thereby ensure market share and growth through cost-competitiveness.
- To have adequate working capital arrangements in place for meeting business requirements at competitive terms.
- To complete all planned projects within the scheduled time and approved cost.

(D). Business Operations

RCF is a leading Public Sector Undertaking engaged in manufacturing and trading of fertilizers and chemicals. RCF has two manufacturing units, one is located at Trombay (Mumbai) while other unit is located at Thal, Raigad district, about 100 KM from Mumbai.

RCF manufactures Urea, Complex (NPK) fertilizers, Bio-fertilizers, Micronutrients fertilizers, 100% water soluble fertilizers and wide range of Industrial Chemicals.

RCF markets Urea under the brand name *Ujjwala* and Complex fertilizer is sold under brand name *Suphala* (NPK 15:15:15). RCF Brands carry high brand equity and good recall value. RCF also produces various industrial chemicals that are used for the manufacture of dyes, solvents, leather, pharmaceuticals and a multitude of other products. Govt. of India has accorded "Miniratna" status to RCF.

RCF has been successfully operating various chemical and fertilizer plants for the past five decades. RCF has developed and has put into practice comprehensive Environment Management Plan with highest consideration towards mitigation of Pollution.

Both the units of RCF is accredited with ISO 14001 (Environment Management System), ISO 9001 (Quality management system), OHSAS 18001 (ISO 45001) Occupational Health and Safety, ISO 50001:2011 (Energy Management System) and ISO/IEC 27001 (Information Security Management).

R&D-lab and Central Chemical labs at RCF has been accredited with National Accreditation Board for Laboratory Testing and calibration (NABL) certification for micronutrients fertilizer and soil sample analysis.

RCF's Research & Development Division has developed Bio-fertilizer named "Biola", liquid micronutrient fertilizer named "Microla" and 100% water soluble (w.s.) fertilizer "Sujala" (19:19:19) with drip and foliar variants. R&D department has developed "Gypsum Sona" - value added Phospho-gypsum, water pH balancer, Organic Growth Stimulant, Soluble Silicon Fertilizer product etc. R&D department is also carrying out lab scale study for development of Nano technology based fertilizers. In addition to this, RCF has signed MoU with ICAR-CIRCOT for "Development of Nano-formulations for Fertilizer Applications" in Sept. 2019. It will increase yield using less quantity of fertilizer which will revolutionize the agriculture scenario.

The company has set up two Sewage Treatment Plant (STP) which are one-of-its-kind in the country. The sewage received from Municipal Corporation of Greater Mumbai (MCGM) is cleaned, aerated, filtered, chlorinated and then fed to Reverse Osmosis (RO) section. Each plant treats around 22.75 Million Liters per Day (MLD) of sewage received from MCGM which otherwise would have been drained in to the sea after minimal treatment. RCF generates about 30 MLD of treated water (both STP plants put together) for its use in our plants as process water. This has rendered RCF self sufficient for its process water requirement. A portion of the treated water is being supplied to M/s Bharat Petroleum Corporation Ltd. (BPCL), on mutually agreed terms.

RCF is effectively using Social Media platforms like YouTube, Facebook, Twitter & Instagram to reach out to the farming community. RCF has launched a comprehensive mobile application (APP) called "RCF Kisan Manch" dedicated to the farmers. This APP helps farmers to get real time data like Weather reports, mandi rates, tide details, RCF Sheti Patrika magazine etc. This APP is available in Marathi, Hindi, English and Kannada

language. RCF has established 150 Kisan Suvidha Kendra's pan-India to educate/ advise the farming community.

The initiative is getting appreciation from the farmers. RCF has two farmers training institutes at Nagpur & Thal.

RCF strongly believes in discharging its Corporate Social Responsibility (CSR) and has focussed its CSR activities towards empowering the under privileged. In the past, a host of CSR activities were undertaken by the company, which includes adoption of villages, providing drinking water, providing schooling facilities, scholarship to meritorious students, providing training to farmers, providing mobile medical Van facility, CSR activities in Aspirational District, etc.
